Motorway Lighting

High Mast Lighting

Structures Lighting

Tunnel Lighting

DESIGN

Moroney Electrical Contractors will provide customers with a complete design service for any size lighting installation. All our work will be designed to N.R.A. specifications, complying with local ESB standards.

INSTALLATION

Our competitively priced installations will be carried out in full consultation with client/engineers. We offer full back up with Risk Assessment, Method Statement and Safety Statements. Our highly qualified and experienced teams offer a comprehensive and efficient service to all our customers.

CERTIFICATION

We are members of The Association of Electrical Contractors of Ireland (A.E.C.I.) and Registered of Electrical Contractors of Ireland (R.E.C.I.). All our work is tested to the highest standards and R.E.C.I. certificates are provided with each installation.

MAINTENANCE

All our installations are maintained free of charge for the first year of operation. Thereafter we offer a full maintenance contract to all our customers. We also provide a Motorway Maintenance Service. This package includes Traffic Management, Maintenance, Grass and Hedge Cutting and all Electrical Repairs day or night.
